17 LYON, THE CONFLUENCE

CONFLUENCE OR THE MODERNITY OF LYON

MORNING

Visit a museum at the confluence of rivers and knowledge. The **Confluence Museum** is about natural history and society. This is one of the most recent contemporary museum in the world justifying your stay. The museum's architecture is amazing!

It's called the Crystal Cloud, built with glass, concrete and steel. This architectural building is situated where the Rhône and the Saône meet at Presqu'île's southern tip and could accommodate only an exceptional museum like a museum of the confluence of knowledge: sciences, technology and societies... The Earth, Humanity, History, Geography. It's a gateway to the world.

WARNING : the museum opens only at 11am except weekends and public holidays opening at 10am.
